Pre-existing Conditions	Room(s)	Notes:
Previous water damage or rings		Could be permanent.
Woven Carpet/Rugs		Woven carpet could shrink. Loose woven rugs to be cleaned in-plant.
Urine		Urine can cause permanent staining. Cleaning spots may increase odor temporarily. See Urine Soiling Notice.
Filtration soiling		See Filtration Soiling Notice
Ripples, Tears or Holes		See Carpet Repair Service
Upholstery: Possible dye migration after cleaning		If dye transferred during testing, there is a possibility that fabric may "bleed" during cleaning.
Traffic area abrasion		Will still be visible after cleaning
Rust, Coffee or Tea		Could be permanent
Wood Floor under rug		Floor finish floor around and under loose rug may be affected by moisture.
Sisal or Seagrass		Any cleaning May discolor
Colored spots such as red, blue, green, yellow & black		May not come completely out. Heat Transfer Method may discolor carpet around spot.
Need for Fabric Protection		See Fabric Protector Notice
<p>Upholstery Notice: In recent months, the carpet cleaning industry has experienced a higher than usual number of occurrences of "Indicator Dye Discoloration". This is a condition where dyes react adversely to any cleaning that is done to the fabric. Clean As A Whistle will take every precaution to prevent this occurrence, but cannot guarantee to avoid it. By signing below, you agree to hold Clean As A Whistle harmless for any such occurrence. Thank you for your cooperation. I acknowledge that these conditions exist in my carpet/upholstery and have read and understand the notices outlined in this document. CLIENT INITIALS: _____</p>		

Important Safety Precautions

It is our sincere desire that you and your family are completely safe while we are working in your home. Please help us accomplish that by reading and signing this form.

Our technicians are not allowed to begin work without this form. Thank you!

1. Please remove nick-knacks and breakables.
2. Keep children and pets away from hoses, equipment, cleaning products, and work area.
3. Keep children and pets off of carpet or floors for 6 hours or until completely dry to the touch. Keep children and pets off of furniture for 12 hours or until completely dry to the touch.
4. Keep children and pets away from truck.
5. Walk on carpet at your own risk until completely dry. Floors may be slippery when wet. Please advise all occupants of this hazard.
6. Please keep caution signs (provided) where carpet meets hard floor until completely dry.
7. Do not allow our technician to operate truck-mounted machine inside garage, carport or any other structure.

*** I understand and agree to observe safety precautions listed above.**
